As a possible newcomer to the village of Loxwood I was surprised to see that the Settlement Boundary excludes property including listed buildings which lie to the south of the SB. I cannot see why they have been excluded as they are clearly not in a rural area but form part of the village setting and make a significant contribution to the streetscape.

(Continue on separate sheet if necessary)

What improvements or modifications would you suggest?

To redraw the Settlement boundary to include properties in the south of the village on High Street including any parcels of land to which they are attached
