Previous representation

We welcome objective 'h. to ensure that the sewage and surface water provision are fit for purpose and are upgraded commensurate with any increase in demand'. This is in line with: (ii) paragraph 156 of the National Planning Policy Framework (NPPF) that requires planning for the provision of infrastructure for water supply and wastewater and (ii) the National Planning Practice Guidance which expects plan making to consider the sufficiency and capacity of wastewater infrastructure.

Update

We reiterate the above.
