Subject: Wisborough green neighbourhood plan response form
Attachments: Wisborough_Green_response_form 3.doc

To whom it may concern.

Please see attached response form in relation to Wisborough Green Neighbourhood plan. I note that the form asks for a policy number and a paragraph number. I have not been able to complete this as I was unable to find a relevant section in the documents provided. You will see however that my comments strongly oppose the inclusion of Winterfold within the plan.

Regards
Anton Jerges

Representation Form

Wisborough Green Neighbourhood Plan

The Neighbourhood Planning (General) Regulations
2012 - Regulation 16

Wisborough Green Parish Council has prepared a Neighbourhood Plan. The plan sets out a vision for the future of the parish and planning policies which will be used to determine planning applications locally.

Copies of the Wisborough Green Neighbourhood Plan and supporting documents are available to view on the District Council's website: <http://www.chichester.gov.uk/neighbourhoodplan>.

All comments must be received by 5:00pm on 11th June 2015.

There are a number of ways to make your comments:

- Complete this form on your computer and email it to: neighbourhoodplanning@chichester.gov.uk
- Print this form and post it to us at: **Neighbourhood Planning, East Pallant House, 1 East Pallant, Chichester PO19 1TY**

All comments will be publicly available, and identifiable by name and organisation (where applicable). Please note that any other personal information provided will be processed by Chichester District Council in line with the Data Protection Act 1998.

How to use this form

Please complete Part A in full, in order for your representation to be taken into account at the Neighbourhood Plan examination.

Please complete Part B overleaf, identifying which paragraph your comment relates to by completing the appropriate box.

PART A	Your Details
Full Name	Anton Jerges
Address	Whitecroft, Newpound Lane Wisborough green West Sussex
Postcode	RH140EF
Telephone	
Email	
Organisation (if applicable)	
Position (if applicable)	
Date	9/6/15

PART B

To which part of the document does your representation relate?

Paragraph Number	No Paragraph given	Policy Reference:	no reference available
------------------	--------------------	-------------------	------------------------

Do you support, oppose, or wish to comment on this paragraph? (Please tick one answer)

Please give details of your reasons for support/opposition, or make other comments here:

I strongly oppose many of the principles of the Neighbourhood plan and specifically the inclusion of the Winterfold site. I have highlighted below a number of items that I think need to be fully considered when considering this plan.

- The only time Winterfold was considered by the community as part of a choice with other sites (2006) it came second to last. Including it in the draft plan without taking account of this goes against the whole process and the community was presented with no alternative choice when the draft plan was assessed.

- Part of the site is opposite the village school. Apparently the developer asked the school to move its current car park in the front of the school to the rear, presumably to allow an additional access to the site. This would take away much needed play area for the children, where there is already not enough room for the children to run and play. Last winter the children were banned from running in the playground due to lack of space and overcrowding.

- Access to the development would be via Durbans Road. Durbans Road is already compromised by cars parking for the Cricketers and the houses around the pub.

The road is dangerous and speed is already a concern on this road with traffic accelerating from the bend adjacent Sweaphurst Farm towards the site. This was cited as an objection to the site in 2006 but has not been taken into consideration at all within this plan. No traffic calming has been offered by the developer despite it being cited as an issue within the NP – why has the opportunity not been taken to require this of the developer? The site also aims to expand the pedestrian access on Newpound Lane. It is not possible to do this as the lane is single track (as noted in the NP documentation). Additionally the NP documentation notes that speeding traffic is an issue on Newpound Lane. How will development address this issue – particularly given the increase in traffic and the proximity to the school and the obvious danger therein?

- Winterfold is a greenfield site. Throughout the consultation process the village has favoured brownfield sites. Only one was selected originally (Clarkes Yard) and Greenways was added at the last minute when planning was granted for 10 static mobile homes and another greenfield site was dropped (Glebe Field) to accommodate it – why was the community's view and preference not taken into consideration? We were told because the

plan had to comply with national and local policy, but the council's own solicitor has advised when considering an objection to the Loxwood NP that the Neighbourhood plan should reflect the views of the community and does not, legally, have to be in accordance with either national planning policy or the district's local plan. Practically all of the brownfield sites that the villagers preferred have been excluded from the neighbourhood plan, aside from Clarkes Yard and the one forced on them by the successful appeal for the ten mobile homes. Had Greenways been included originally the village may well have ended up with a better class of development at this location.

- Kirdford Road sites are now deemed as sustainable by the granting of permission by a planning inspector for these static homes, so why are the most popular sites of Carters field, Greenways and The Nurseries being ignored in the plan. Surely the logic for rejecting these sites should have been revisited to see if the wishes of the community could now be accommodated given the inspectors opinion.
- There is no buffer between the Winterfold site and the conservation area. This is in contradiction of the direct planning policy of the council.
- The visual impact of up to 30 houses in open view when travelling south along Durbans Road would be massively detrimental to the character of the village and severely harm the open characteristic of this part of the village. The NP says it will have "minimal visual impact" this is clearly a totally false statement. The development will also be highly visible from Newpound Lane where it appears to overlap the local gap.
- The NP also says it's close to the village centre, it would be but for the fact that the entrance is located some way down Durbans Road which is in fact over 500m from the village shop.
- The scheme from the developer offers a 'biodiversity area'. This includes a man made pond. The developer is clearly forgetting that this is a countryside location and there are already 3 natural ponds all within walking distance of the development. We don't need a bio-diversity area. We have the countryside! Looking at the parish council's recent minutes it would appear that the school has suggested they would rarely use this facility. The NP also says some of the land could be used for sport facilities but what would actually fit on this site. The developer appears to be offering nothing to the village that is needed or usable. In addition, how can the use of part of the site for recreation be legally secured as such in perpetuity as stated in the NP? Surely there is nothing that can stop this being developed in the next 5 year housing supply?
- The footpath opposite the site on Durbans Road that provides access to the village contravenes planning policy. It is 1m wide at best and it should be at least 1.8m wide. How is it possible to provide this without encroaching on the road or into the hedge and private gardens.

- Throughout the consultation process 30-39% of the villagers asked for retirement homes and upwards of 20% specifically sheltered accommodation. This has not been included within the plan despite the fact that this type of housing would have the least effect on the village infrastructure, most notably the school which is already full and would free up bigger houses which in turn would free up smaller family houses. The NP hardly mentions older people and the words retirement and sheltered are not mentioned. No choice is being provided for people who want to stay in their village as they grow old. Providing 'lifetime homes' mixed into other sites does not work if there is no form of support available at the same time so we will be driving out our older residents.

- What is to prevent the developer gaining planning consent on the garden of Winterfold once the settlement boundary has been moved to include it? This could provide more than 10 more houses clustering development in this one area. There is also no natural boundary to prevent this development sprawling further into the greenfield in the future.

- The Winterfold site must be exposed to the same public scrutiny as the other sites and the exclusion of preferred brownfield sites should be re-examined either by vote or public hearings.

(Continue on separate sheet if necessary)

What improvements or modifications would you suggest?

I would suggest that the Winterfold Development be removed from the neighbourhood plan and that Carters Field of Greenways nursery be included.

(Continue on separate sheet if necessary)

If you have additional representations feel free to include additional pages. Please make sure any additional pages are clearly labelled/ addressed or attached.
