<p>Please give details of your reasons for support/opposition, or make other comments here:</p> <p>Durbans Road is a narrow, quiet country lane. The access point to the development is several 100 metres along this quiet lane making a large stretch of Durbans Road busy with many more cars highly increasing risk of an accident or worse. The pavements are very narrow and very dangerous if walking with small children. The site will be extremely visible and not in keeping with this part of the village. There are already 3 natural ponds at this sight!! The boundary of the site is right next to a conservation area. There are many other proposed sites within the village where the infer structure is better lent for a development of this size, where roads are wider, pavements wider (or could be widened), more central and far less visible. I therefore strongly object to this development site.</p> <p style="text-align: right;">(Continue on separate sheet if necessary)</p>

<p>What improvements or modifications would you suggest?</p> <p>Do the development on a more appropriate proposed site.</p>
