## Representation to the Neighbourhood Plan - Affordable Housing Addendum

Site Name: Land to the north of Crouchlands Farm, Rickman's Lane, Plaistow RH14 0LE  
On behalf of: Artemis Land and Agriculture Ltd  
Date: 29 October 2020

DLBP Ltd is registered in England & Wales at the above address, number 7229435.  
VAT registration number 260 6370 18.

## Introduction

1. This briefing note has been prepared by DLBP Ltd on behalf of Artemis Land and Agriculture Ltd, the owner and operator of Crouchlands Farm. It follows the 'Representation to the Plaistow and Ifold Neighbourhood Plan' issued to the Parish Council on 29 April 2020 which assessed how the inclusion of the Land to the north of Crouchlands Farm ('the site') would assist in ensuring that the Plan meets the basic conditions required before it can progress to referendum. This concluded that the site could provide a limited number of residential properties that would form a suitable extension to Plaistow to assist with meeting local housing need and to support local businesses and enterprises, including Crouchlands Farm.
2. This note provides additional information about the site's capability of providing a meaningful contribution towards affordable housing within the Parish. This is the result of two Freedom of Information requests to Chichester District Council, which has also informed an indicative masterplan.
3. Also supporting this addendum is a series of indicative plans that are intended to be illustrative of the proposed layout and design of housing.

## Freedom of Information requests

4. A Freedom of Information enquiry was submitted to Chichester District Council on 27 July 2020, requesting information about the affordable housing waiting list. The requested information was provided on 28 August 2020 (see raw data at Appendix 1) - the information below is therefore correct at the time of the this data being provided.
5. This data and an analysis of it (see Appendix 2) illustrates that:
  - 312 people on the affordable housing waiting list are currently located in the 'North of the Plan' Area, the South Downs National Park, or in close proximity to Plaistow and Ifold;
  - 29 of these people are located within the RH14 postcode and 12 within the RH20 postcode;
  - many of these people have been waiting several months, or even years, for affordable homes; and
  - the median waiting time for those currently living in the RH14 postcode is 540 days.
6. There is clearly a need for affordable housing within the local area, and as such the Neighbourhood Plan must ensure that the allocated sites are able to deliver such housing. The current allocation in Plaistow would not provide any affordable housing, meaning that the Neighbourhood Plan as currently drafted would not address such a need.

### **Basic conditions and planning policy**

7. It is a basic condition that Neighbourhood Plans must have regard to national policies and advice. This includes the National Planning Policy Framework, which requires that the needs of groups with specific housing requirements are addressed (paragraph 59), and the National Planning Practice Guidance which states that “*an increase in the total housing requirement included in the plan may need to be considered where it could help deliver the required number of affordable homes*” (paragraph: 008 reference ID: 67-008-20190722).
8. The emerging Neighbourhood Plan does include a draft policy (H4) which seeks to ensure that affordable housing will be provided to meet the identified need in the Parish, in order to maintain a balanced community. However, and to conform with Policy 34 of the Chichester Local Plan, affordable housing provision will only be sought on residential developments of more than 10 dwellings. This means that the site currently allocated in Plaistow does nothing to meet the identified need. As set out in more detail below, the inclusion of the Land to the north of Crouchlands Farm would therefore assist in ensuring the emerging Neighbourhood Plan meets the basic conditions required of the Neighbourhood Plan.

### **Land to the north of Crouchlands Farm**

9. The capacity of the site for approximately 22 homes means that a mix of tenures, along with a mix of housing sizes (one to four bedrooms) can be provided. This modest increase of 1 unit comes from detailed work looking at the deliverability of the scheme. The site is thus capable of providing a meaningful contribution towards affordable housing within the Parish. By providing affordable housing on site, the development will conform with national and local planning policy and the basic conditions will be met.
10. The affordable housing units would be designed to be indistinguishable from the market housing. By providing high-quality on-site affordable housing options, the likes of public service staff, such as nurses, and rural workers will be more likely to settle in the village. This would positively impact the community and the village’s services and facilities.
11. The high-quality housing would be provided at a low-density, to be respectful of surrounding residential amenity. The majority of the housing would be located to the west of the woodland - this would act as a buffer between the existing residential development on Rickman’s Lane, and the village extension.
12. Thus, the inclusion of the site within the emerging Neighbourhood Plan would assist in ensuring that there are affordable housing options within the local area. This will ensure that the Plan meets national and local planning policy requirements and the basic conditions required, before it can progress to referendum.
