Southbourne Parish Neighbourhood Plan Review 2019-2037

The Neighbourhood Planning (General) Regulations 2012 - Regulation 16

Southbourne Parish Council has prepared a Neighbourhood Plan Review. The plan sets out a vision for the future of the parish and planning policies which will be used to determine planning applications locally.

Copies of the Southbourne Parish Neighbourhood Plan Review and supporting documents are available to view on Chichester District Council's website:

<http://www.chichester.gov.uk/neighbourhoodplan>.

The infrastructure in this "Village" cannot support or cope with these excessive greedy housing plans. The Doctor's surgery is inadequate now, the schools cannot cope, Stein road is so dangerous during school drop off times, increasing housing will make this impossible. People park on Cooks lane all day long and catch the train – this will get worse, none of the surrounding roads can cope with any increased capacity. The Village is already gridlocked now.

You are destroying all of the remaining natural green spaces – there are so few of these left its appalling to think the Council in it's greed is overlooking the cost on the environment and the wildlife.

Running along the roads here is difficult enough now – it will soon become impossible, how are people supposed to exercise freely outside when you take away all the space in which to do it? This will then impact on the NHS as people give up trying to live a healthy life. There will be so much more pollution, the air will be unhealthy for all of us.

The drainage system and pollution into the sea is already worse than ever, why can't greedy Councillors see the damage they are doing to the future generation who will have to put all this right one day?

The level crossing is dangerous – there is no footbridge and the barriers are down sometimes for way longer than necessary forcing people to take risks to get through the gates. More people, more risks. Increases in suicide on this train line.

There are very few facilities in Southbourne and certainly nothing to keep the older children off the streets – they hang around Tesco as it is – bringing more families will increase this pressure. Where are the plans for adequate shops/social centres? One Co-op, one Tesco, one Pub and one Club – not sufficient for these plans.

Stop this excessive building – stop destroying the planet, our green spaces are vitally important for all of us. Build up areas breed despair and destruction. If you want more housing build some where you live and see how it impacts on you.

What improvements or modifications would you suggest?

Southbourne is a village and wants to remain so, it's not a town. Leave Southbourne alone.

Build somewhere else.

A footbridge at the Station is essential – Bosham has one and not even main crossing gates.
