<p>Please give details of your reasons for support/opposition, or make other comments here:</p> <p>This Policy relates solely to new employment development within the settlement boundary. There is no separate policy relating to new employment development within the settlement boundary. There needs to be an employment development policy for the areas beyond the settlement boundaries. This should also include provision for live/work units. Policy 5 which it replaces covered the whole of the Parish and related to employment development both within and outside the settlement boundaries – a similar approach needs to be taken in the new NP.</p> <p style="text-align: right;">(Continue on separate sheet if necessary)</p>

<p>What improvements or modifications would you suggest?</p> <p>Either provide a separate employment development policy for the areas beyond the settlement boundaries or add a criteria C which allows for new employment development in the countryside subject to appropriate controls. This should also include provision for live/work units.</p> <p style="text-align: right;">(Continue on separate sheet if necessary)</p>
