Carcinogenic vehicle emissions and noise pollution on the A259 are already seriously undermining the health of residents downwind of the traffic. (There is evidence of unusually high incidences of cancer and auto-immune disease in Hambrook and the surrounding areas). This issue together with the negative impact on remaining green space needed between housing and Chichester harbour's 'Area of outstanding natural beauty' makes a nonsense of the proposed 1250 new homes. There are already not enough Doctors and Dentists, sewage provision is inadequate and open land is needed to minimise flood risk at these low elevations.
