**Please give details of your reasons for support/opposition, or make other comments here:**

I would like to raise my objections to the proposed development in the eastern part of Southbourne Parish. I would also like to state my support for the Southbourne Parish Neighbourhood Plan Review. In particular my objections to the proposed development relate to the impact on the Green Ring and open green space along the A259 and that adequate account is not being taken of the loss of wildlife habitat by developing a green field site. I also opposed the development because of the inadequate capacity of waste water treatment at Southern Water's Thornham plant and the pressure put on Chichester Harbour's area of outstanding natural beauty.

I am also concerned generally about the lack of affordable housing based on income and need rather than market value and I am not confident that this development will meet that need.

(Continue on separate sheet if necessary)

**What improvements or modifications would you suggest?**
