

DEVELOPMENT  
MANAGEMENT

02 JUN 2021

1st JUNE 2021

Neighbourhood Planning,  
East Pallant House  
1, East Pallant  
CHICHESTER  
PO19 1TY

Dear Sirs,

As a resident of Southbourne, I wish to inform you of my objections to the Plans.

1) Housing Development.

I understand the proposal <sup>is</sup> to build an additional 1,250 houses in and around Southbourne. The A259 main road is ~~already~~ already infilled with <sup>new</sup> housing all the way from Embsay to Chichester. If these ~~houses~~ houses are built the traffic congestion will be far worse than it is already!!

The property developers do not care about this but we as residents do!

2) Proposed ~~cycle~~ cycle lanes on footpaths

---

I understand Highway England want to limit ~~the~~ cycle lanes (2 way!!) on the footpaths from Emsworth to Chichester.

I can't understand why this is proposed. You can envisage many accidents between them and pedestrians (incl - the elderly, children - ~~dogs~~ dogs - push chairs, invalid chairs and the like.

Then the existing cycle lanes on the main road work quite well, so why consider two way cyclists on the pavements leading inevitably to accidents.

I don't suppose ~~the~~ cyclist will carry insurance either! if he injure someone.

Yours faithfully

(MR ALBERT HARRISON)
