

Do I need planning permission? (–ouseholder)

For more information, please visit <http://www.chichester.gov.uk/planningpermission>

THIS IS NOT AN OFFICIAL PLANNING APPLICATION OR DETERMINATION FORM. It has been designed to help people who want to know if they are likely to need planning permission to carry out improvements to their home. This form is most useful for dwellings built since 1947 whereby permitted development restrictions may apply to properties. Guidance is available on the planning portal at www.planningportal.gov.uk.

We aim to reply within **15 working days of receipt**. This will constitute an informal response, as a definitive response can only be obtained through the submission of a Certificate of Proposed Lawful Development.

Please complete all sections of this form and tick the box labelled (N/A) at the beginning of each section, if not applicable to your enquiry. Please note incomplete forms may lead to a delay in the response given by the Planning Service.

What to expect from this service

- An informal officer opinion as to whether permission is required for a development
- A written response in the form of a letter or email within 15 working days
- Input from the Council's Planning Technicians

What not to expect

- Advice on complex proposals. If the facts of the case are inconclusive, require significant research in to case law or a formal legal opinion then a Lawful Development Certificate may be required
- A site visit or meeting. All advice will be via a desktop analysis.
- Views as to whether permission would be granted if required
