Subject: [EXTERNAL] Network Rail Consultation Response: Southbourne Neighbourhood Plan 2014 - 2029

This Message originated outside your organization.

OFFICIAL

Dear Planning,

Thank you for consulting Network Rail on the above Neighbourhood Plan.

Network Rail is the statutory undertaker for maintaining and operating railway infrastructure of England, Scotland, and Wales. As statutory undertaker, Network Rail is under license from the Department for Transport (DfT) and Transport Scotland (TS) and regulated by the Office of Rail and Road (ORR) to maintain and enhance the operational railway and its assets, ensuring the provision of a safe operational railway. Our main concern is the footbridge proposed in policy **SB21: Sustainable Travel**. As a publicly funded company, Network Rail has responsibilities to spend public funds efficiently which consequently means we do not have the funds available to mitigate the impact of third-party development. Consequently, we expect any mitigation required to be funded at no expense to Network Rail.

While we have no objections to the footbridge in principle, please note that the construction and maintenance should be undertaken by the Local Authority and Network Rail should not be considered as the asset owner.

Following on from this, can the Council confirm the exact location of the footbridge at this stage? Network Rail would require this as it may represent opportunity to close other level crossings in the vicinity.

Kind Regards,

Sam Bhatti
