Subject: Chichester DC (access track off Crooked Lane, Birdham) CPO

[You don't often get email from [REDACTED]. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

I strongly object to the use of my money, which I pay to Chichester council as council tax, being utilised to compulsory purchase order (CPO) an access track so that a commercial development company can get access to a site.

That development company should never have been given the opportunity to even submit a planning application as they had no rights of access to the field they want to build on.

To have an access road junction opposite a school entrance on Crooked lane is totally unacceptable. The council are endangering the lives of the children. The pick-up and drop off parking either side of the school entrance is already very dangerous to users of the road and by creating a road junction it will only increase the likelihood of an accident occurring in the vicinity.

Regards
